Founded in 1866, Harlequins have built themselves a fantastic reputation not only in the UK but all over the world. The Community department are one of the main reasons for this and the club is extremely proud of the exciting direction the department is moving.

The club is a founding member of the RFU and boasts more presidents than any other club as well as a healthy dose of international players. Most recently the club has had three England captains leading their country across the senior, U20 and U18 set ups.

Success on the pitch demands even more success off the pitch so the club is strengthening its operational staff.
